

Cathy Baldwin
Revised Final Project Description
Project: Time 4 Teens
Date: July 31, 2008

Project Description

Time 4 Teens is a nonprofit organization made up of professionals and teens, which volunteer their time, and are dedicated to helping teens in crisis. The purpose of this site is to provide a safe haven for teenagers who wish to seek professional help with issues they are having, such as: drugs, sex, peer pressure, suicide, health, academic help, legal issues, etc.

The desired result of this project is to create a new and improved design that would entice teenagers, and get their attention, so they can feel more comfortable about visiting this site to receive the help that they need.

I am designing a site that will depict a friendly, warm, fun, and trustworthy feeling.

Description of Website

This website will contain five working pages:

- Home Page - (Splash page with skip intro button
- About Us Page – Explanation of what the organization provides to teens, and the professional help available
- Health Page - Information regarding questions about drugs, sex, suicide, and health issues
- Academic Help Page – Information regarding tutors
- Artwork & Poems Page – Teens’ artwork and poems to be displayed here
